It's no secret that married life isn't easy. Most of us are living proof of that. It takes a great deal of commitment and constant self-giving love to truly live out the vocation.

Christian marriage is not confined to the love of spouses and children, but the love of spouses is a witness, a mission to carry out the love of Christ for everyone. The love of Christian spouses is expected to spill over to the larger family of God.

Just as married life requires such loving commitment and self-sacrifice, Christian discipleship, the vocation to which every one of us is called, requires that we give of ourselves in loving service, committing our lives to Christ forever. We give of our time, our talents, and our treasure as a way in which we return thanks to God for His love of us.

The Archdiocesan Annual Appeal is one of the many ways we return to the Lord a portion of all that he has given us through the good works of the Archdiocese. Through the beneficiaries of such good works, we give a return to the Lord for his love and gifts to us.

Looking at what our wants are and what we have on hand, it is not an easy task to decide to share, especially when we think we need such things, when faced with economic difficulty and a society that encourages us to live selfishly - to want more and more things, to look out for ourselves before others, etc. Indeed it is a higher calling to live for the Lord, to give rather than to want, and to lovingly put others first, but it is a life full of joyful rewards and in this, we will find true fulfillment!

**Stewardship Focus:**  
**Lector –**  
Proclaiming  
God's Word!

*Liturgy and Worship is the focal point of our Catholic Faith, where we come together as Catholics to celebrate the fundamental beliefs of our Faith. Our worship is enriched when members of the parish participate in various ministries. These ministries provide many opportunities for the sharing of our time and talent and for giving back the gifts God has given us.*

**Stewardship opportunity:** To proclaim the word of God to the assembled community, to read in such a way that they truly hear the Word that is to change their lives.

**Talent/Gift to offer:** A clear speaking voice with the ability to understand the main points of the readings for each liturgy and to express them clearly to the congregation.

**Time commitment:** On a rotation schedule, generally once every 4 – 6 weeks, depending on the Mass you prefer to attend.

**Treasure/Blessing received:** By being involved in the Liturgy, the Mass becomes more alive to you as you proclaim God's message to His people and by helping the people to understand and pray the Word.

\*\*\*\*A new lector's schedule will soon be prepared, please call the parish office to sign up for this ministry before October 16th!\*\*\*\* Thank You!!

#### FROM PASTOR'S DESK:

Continuing directly from last week's reflection upon Pope Francis' recent Encyclical, "On Care for Our Common Home", it is imperative to recognize that there can be no renewal of our relationship with nature without a renewal of humanity itself. We are not just one being among others, simply the product of chance or physical determinism, so that our overall sense of responsibility wanes. "Human beings cannot be expected to feel responsibility for the world unless, at the same time, their unique capacities of knowledge, will, freedom, and responsibility are recognized and valued." [118] "If the present ecological crisis is one small sign of the ethical, cultural and spiritual crisis of modernity, we cannot presume to heal our relationship with nature and the environment without healing all fundamental human relationships; ...our relationship with the environment can never be isolated from our relationship with others and with God." [119] Pope Francis affirms clearly how respect for human life at all stages of development is paramount in developing a heightened consciousness and care for the environment, in what is a strong endorsement of a pro-life stance in our approach to nature. "Since everything is interrelated, concern for the protection of nature is also incompatible with the justification of abortion. How can we genuinely teach the importance of concern for other vulnerable beings, however troublesome or inconvenient they may be, if we fail to protect a human embryo, even when its presence is uncomfortable and creates difficulties? 'If personal and social sensitivity towards the acceptance of the new life is lost, then other forms of acceptance that are valuable for society also wither away.'" [120] Earlier in **The Joy of the Gospel**, Pope Francis pointed out that practical relativism is even more dangerous than doctrinal relativism, because it gives absolute priority to immediate convenience and sees everything as irrelevant unless it serves one's own immediate interests. [122] "The culture of relativism is the same disorder which drives one person to take advantage of another, to treat others as mere objects, imposing forced labour on them or enslaving them to pay their debts, to the sexual exploitation of children and abandonment of the elderly who no longer serve our interests." This is the mindset behind those who advocate the rationale: "Let us allow the invisible forces of the market to regulate the economy, and consider their impact on society and nature as collateral damage." [123] If there is nothing beyond the satisfaction of our own desires and immediate needs, then it is harder to regulate or limit human trafficking, organized crime, the drug trade, commerce in blood diamonds and the fur of endangered species, buying the organs of the poor for resale or use in experimentation, or the elimination of children because they are not what their parents wanted. *{To be continued.....}*
